FOR IMMEDIATE RELEASE

MaxLinear, Inc. Announces Second Quarter 2022 Financial Results

- *Record net revenue of \$280.0 million, up 6% sequentially and up 36% year-over-year*
- *GAAP gross margin 58.7% and non-GAAP gross margin 62.3%, up 10 bps and -50 bps from previous quarter, respectively*

Carlsbad, Calif. – July 27, 2022 – MaxLinear, Inc. (Nasdaq: MXL), a leading provider of RF, analog, digital and mixed-signal integrated circuits, today announced financial results for the second quarter ended June 30, 2022.

Second Quarter Financial Highlights

GAAP basis:

- Net revenue was \$280.0 million, up 6% sequentially and up 36% year-over-year.
- GAAP gross margin was 58.7%, compared to 58.6% in the prior quarter, and 54.8% in the year-ago quarter.
- GAAP operating expenses were \$125.3 million in the second quarter 2022, or 45% of net revenue, compared to \$106.5 million in the prior quarter, or 40% of net revenue, and \$110.3 million in the year-ago quarter, or 54% of net revenue.
- GAAP income from operations was 14% of revenue, compared to income from operations of 18% in the prior quarter, and income from operations of 1% in the year-ago quarter.
- Net cash flow provided by operating activities was \$123.4 million, compared to net cash flow provided by operating activities of \$134.2 million in the prior quarter, and net cash flow provided by operating activities of \$7.9 million in the year-ago quarter.
- GAAP diluted earnings per share was \$0.40, compared to diluted earnings per share of \$0.42 in the prior quarter, and diluted earnings per share of \$0.01 in the year-ago quarter.

Non-GAAP basis:

- Non-GAAP gross margin was 62.3%. This compares to 62.8% in the prior quarter, and 60.2% in the year-ago quarter.
- Non-GAAP operating expenses were \$84.3 million, or 30% of revenue, compared to \$77.3 million or 29% of revenue in the prior quarter, and \$75.2 million or 37% of revenue in the year-ago quarter.
- Non-GAAP income from operations was 32% of revenue, compared to 33% in the prior quarter, and 24% in the year-ago quarter.
- Non-GAAP diluted earnings per share was \$1.11, compared to diluted earnings per share of \$1.00 in the prior quarter, and diluted earnings per share of \$0.53 in the year-ago quarter.

Management Commentary

“In the second quarter, revenue was up 6% sequentially and up 36% year-over-year, as a result of strong demand across all our product portfolio. In particular, fiber gateway access, Wi-Fi, and wireless infrastructure continue to drive solid revenue expansion. Our connectivity category was up nearly 80% year-over-year, driven by our differentiated Wi-Fi6 feature set, and we are on a firm trajectory to deliver at least \$200 million of Wi-Fi revenue in 2023. We saw strong cash flow from operations of approximately \$123.4 million in Q2 and non-GAAP gross margin of 62.3%. We are excited about our pending merger with Silicon Motion, the future growth opportunities of our comprehensive product portfolio, and the accelerating pace of new product launches,” commented Kishore Seendripu, Ph.D., Chairman and CEO.

Third Quarter 2022 Business Outlook

The company expects revenue in the third quarter 2022 to be approximately \$280 million to \$290 million. The Company also estimates the following:

- GAAP gross margin of approximately 57.5% to 60.5%;
- Non-GAAP gross margin of approximately 60.5% to 63.5%;
- GAAP operating expenses of approximately \$115 million to \$121 million;
- Non-GAAP operating expenses of approximately \$81 million to \$87 million; and
- GAAP and non-GAAP interest and other expense of approximately \$3.5 million.

Cautionary Note Concerning Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include, among others, statements concerning our future financial performance (including specifically our current guidance for third quarter 2022 revenue, gross margins, operating expenses, and interest and other expenses, as well as statements with respect to confidence in the Company's outlook for third quarter 2022) and statements concerning expectations of potential developments in our target markets, including (without limitation) management's views with respect to the prospects for and trends in our broadband, connectivity and infrastructure markets, and in particular, expectations concerning the development of our Wi-Fi market, including the Company's ability to continue to increase market share and drive future growth opportunities in such market. These forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause actual results to be materially different from any future results expressed or implied by the forward-looking statements and our future financial performance and operating results forecasts generally. These forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause actual results to be materially different from any future results expressed or implied by the forward-looking statements. Forward-looking statements are based on management's current, preliminary expectations and are subject to various risks and uncertainties. In particular, our future operating results are substantially dependent on our assumptions about market trends and conditions. Additional risks and uncertainties affecting our business, future operating results and financial condition include, without limitation, risks relating to our proposed merger with Silicon Motion; intense competition in our industry; increasing supply chain risks within our industry, including increases in shipping and material costs and substantial shipping delays resulting in extended lead-times; inflation trends in our supply chain and in the global economy generally; uncertainties concerning the outcome of global trade negotiations, export control limitations, and heightened geopolitical risks generally; our dependence on a limited number of customers for a substantial portion of our revenues; potential decreases in average selling prices for our products; our ability to develop and introduce new and enhanced products on a timely basis and achieve market acceptance of those products, particularly as we seek to expand outside of our historic markets; potential uncertainties arising from continued consolidation among cable television and satellite operators in our target markets and continued consolidation among competitors within the semiconductor industry generally; uncertainties concerning how end user markets for our products will develop, including in particular markets we have entered more recently such as broadband, Wi-Fi and 5G wireless and fiber-optic data center high-speed interconnect infrastructure markets but also existing markets; the impact of our indebtedness and limitations on our operating flexibility based on financial and operating covenants in the applicable term loan agreements, including (without limitation) debt covenant restrictions that may limit our ability to obtain additional financing, granting liens, undergoing certain fundamental changes, or making investments or certain restricted payments, and selling assets; risks relating to intellectual property protection and the prevalence of intellectual property litigation in our industry; our reliance on a limited number of third party manufacturers; the impact of the COVID-19 pandemic; and our lack of long-term supply contracts and dependence on limited sources of supply.

In addition to these risks and uncertainties, investors should review the risks and uncertainties contained in our filings with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K for the year ended December 31, 2021 filed with the SEC on February 2, 2022, and our Current Reports on Form 8-K, as well as the information to be set forth under the caption "Risk Factors" in MaxLinear's Quarterly Report on Form 10-Q for the quarter ended June 30, 2022. All forward-looking statements are based on the estimates, projections and assumptions of management as of July 27, 2022, and MaxLinear is under no obligation (and expressly disclaims any such obligation) to update or revise any forward-looking statements whether as a result of new information, future events, or otherwise.

Use of Non-GAAP Financial Measures

To supplement our unaudited consolidated financial statements presented on a basis consistent with GAAP, we disclose certain non-GAAP financial measures, including non-GAAP gross margin, operating expenses, operating expenses as a percentage of revenue, income from operations as percentage of revenue, and diluted earnings per share. These supplemental measures exclude the effects of (i) stock-based compensation expense; (ii) accruals related to our performance based bonus plan for 2022, which we currently intend to settle in shares of our common stock; (iii) accruals related to our performance-based bonus plan for 2021, which we settled in shares of common stock in 2022; (iv) amortization of purchased intangible assets; (v) research and development funded by others; (vi) acquisition and integration costs related to our acquisitions; (vii) professional fees and settlement costs related to IP and commercial litigation matters; (viii) severance and other restructuring charges; (ix) other non-recurring interest and other income (expenses), net attributable to acquisitions and (x) non-cash income tax benefits and expenses. These non-GAAP measures are not in accordance with and do not serve as an alternative for GAAP. We believe that these non-GAAP measures have limitations in that they do not reflect all of the amounts associated with our GAAP results of operations. These non-GAAP measures should only be viewed in conjunction with corresponding GAAP measures. We

compensate for the limitations of non-GAAP financial measures by relying upon GAAP results to gain a complete picture of our performance.

We believe that non-GAAP financial measures can provide useful information to both management and investors by excluding certain non-cash and other one-time expenses that are not indicative of our core operating results. Among other uses, our management uses non-GAAP measures to compare our performance relative to forecasts and strategic plans and to benchmark our performance externally against competitors. In addition, management's incentive compensation will be determined in part using these non-GAAP measures because we believe non-GAAP measures better reflect our core operating performance.

The following are explanations of each type of adjustment that we incorporate into non-GAAP financial measures:

Stock-based compensation expense relates to equity incentive awards granted to our employees, directors, and consultants. Our equity incentive plans are important components of our employee incentive compensation arrangements and are reflected as expenses in our GAAP results. Stock-based compensation expense has been and will continue to be a significant recurring expense for MaxLinear. While we include the dilutive impact of equity awards in weighted average shares outstanding, the expense associated with stock-based awards reflects a non-cash charge that we exclude from non-GAAP net income.

Bonuses under our executive and non-executive bonus programs have been excluded from our non-GAAP net income for all periods reported. Bonus payments for the 2021 performance periods were settled through the issuance of shares of common stock under our equity incentive plans in February 2022. We currently expect that bonus awards under our fiscal 2022 program will be settled in common stock in the first quarter of fiscal 2023.

Expenses incurred in relation to acquisitions include amortization of purchased intangible assets, acquisition and integration costs primarily consisting of professional and consulting fees, and accretion of discount on deferred purchase price payments to interest expense.

Research and development funded by others represents proceeds received under contracts for jointly funded R&D projects to develop technology that may be commercialized into a product in the future. Initially such proceeds may not yet be recognized in GAAP results if, pursuant to contract terms, the Company may be required to repay all or a portion of the funds provided by the other party under certain conditions. Management believes it is not probable that it will trigger such conditions. Once such conditions have been resolved, the proceeds are recognized in GAAP results, and accordingly, reversed from non-GAAP results.

Restructuring charges incurred are related to our restructuring plans which eliminate redundancies and primarily include severance and restructuring costs related to impairment of leased right-of-use assets or from exiting certain facilities.

Expenses incurred in relation to our intellectual property and commercial litigation include professional fees incurred.

Income tax benefits and expense adjustments are those that do not affect cash income taxes payable.

Reconciliations of non-GAAP measures for the historic periods disclosed in this press release appear below. Because of the inherent uncertainty associated with our ability to project future charges, particularly related to stock-based compensation and its related tax effects as well as potential impairments, a quantitative reconciliation is not available without unreasonable efforts and accordingly we have not provided a reconciliation for non-GAAP guidance provided for the third quarter 2022.

Additional Information and Where to Find It

This press release makes reference to a proposed business combination involving MaxLinear and Silicon Motion. In connection with the proposed transaction, MaxLinear has filed with the Securities and Exchange Commission (the "SEC") a Registration Statement on Form S-4 (File No. 333-265645), including a proxy statement of Silicon Motion and a prospectus of MaxLinear. Cautionary Note Concerning Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Unless otherwise indicated, all forward looking statements are based on estimates, projections, and assumptions of MaxLinear as of the date of this presentation. These forward-looking statements include, among others, statements concerning: run rate for future Wi-Fi revenue, anticipated closing date of proposed acquisition of Silicon Motion and expected financial performance for the third quarter of 2022. These forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause actual results to be materially different from any future results expressed or implied by the forward-looking statements. Forward-looking statements are based on management's current, preliminary expectations and are subject to various risks and uncertainties. In particular, our future operating results are substantially dependent on our assumptions about market trends and conditions. Additional risks and uncertainties affecting our business, future operating results and financial condition include, without limitation, risks relating to our proposed merger with Silicon Motion; intense competition in our industry; increasing supply chain risks within our industry, including increases in shipping and material costs and substantial shipping delays resulting in extended lead-times; inflation trends in our supply chain and in the global economy generally; uncertainties concerning the outcome of global trade negotiations, export control limitations, and heightened geopolitical risks generally; our dependence on a limited number of customers for a substantial portion of our revenues; potential decreases in average selling prices for our products; our ability to develop and introduce new and enhanced products on a timely basis and achieve market acceptance of those products, particularly as we seek to expand outside of our historic markets; potential uncertainties arising from continued consolidation among cable television and satellite operators in our target markets and continued consolidation among competitors within the semiconductor industry generally; uncertainties concerning how end user markets for our products will develop, including in particular markets we have entered more recently such as broadband, Wi-Fi and 5G wireless and fiber-optic data center high-speed interconnect infrastructure markets but also existing markets; the impact of our indebtedness and limitations on our operating flexibility based on financial and operating covenants in the applicable term loan agreements, including (without limitation) debt covenant restrictions that may limit our ability to obtain additional financing, granting liens, undergoing certain fundamental changes, or making investments or certain restricted payments, and selling assets; risks relating to intellectual property protection and the prevalence of intellectual property litigation in our industry; our reliance on a limited number of third party manufacturers; the impact of the COVID-19 pandemic; and our lack of long-term supply contracts and dependence on limited sources of supply. In addition to these risks and uncertainties, investors should review the risks and uncertainties contained in our filings with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K for the year ended December 31, 2021 filed with the SEC on February 2, 2022, and our Current Reports on Form 8-K, as well as the information to be set forth under the caption "Risk Factors" in MaxLinear's Quarterly Report on Form 10-Q for the quarter ended June 30, 2022. All forward-looking statements are based on the estimates, projections and assumptions of management as of July 27, 2022, and MaxLinear is under no obligation (and expressly disclaims any such obligation) to update or revise any forward-looking statements whether as a result of new information, future events, or otherwise.

Additional Information and Where to Find It

This communication makes reference to a proposed business combination involving MaxLinear and Silicon Motion. In connection with the proposed transaction, MaxLinear has filed with the Securities and Exchange Commission (the "SEC") a Registration Statement on Form S-4 (File No. 333-265645), including a proxy statement of Silicon Motion and a prospectus of MaxLinear. The Registration Statement on Form S-4 was declared effective by the SEC on July 13, 2022 and the proxy statement/prospectus was first mailed to the shareholders of Silicon Motion on July 20, 2022, seeking their approval of their transaction-related proposals.

This communication does not constitute an offer to sell or the solicitation of an offer to buy or subscribe for any securities or a solicitation of any vote or approval nor shall there be any sale, issuance or transfer of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.

MAXLINEAR AND SILICON MOTION URGE INVESTORS AND SECURITY HOLDERS TO READ THE REGISTRATION STATEMENT ON FORM S-4, WHICH WILL BE PROVIDED TO SILICON MOTION SECURITY HOLDERS AND OTHER DOCUMENTS PROVIDED TO SILICON MOTION SECURITY HOLDERS FILED WITH THE SEC CAREFULLY AND IN THEIR ENTIRETY WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT THE PROPOSED TRANSACTION.

Investors and security holders are able to obtain the Registration Statement on Form S-4 free of charge at the SEC's website, www.sec.gov.
